

Recruiting Board and PDC Members

Presenter's Guide

This module provides information to help K-State Research and Extension local board members fulfill their responsibilities to recruit new members. The local unit director, other agents, or experienced board members are the intended presenters. Allow about 10 to 15 minutes during a board meeting to introduce the topic. The work outlined in the module may continue over two to three months.

Objectives

- Board members will understand and carry out their responsibility to nominate candidates for open positions on program development committees (PDCs).
- The board will review local unit census data and strive to have the demographics of the local board and PDCs reflect community demographics.
- The board will identify characteristics of an effective PDC or board member.
- Current board members will generate a slate of candidates who would be effective as members of PDCs or as future board members.
