

PURPOSE OF KEAFCS

- To promote professional growth and development by: recognizing leadership and achievement, awarding financial support for professional study, exchanging effective educational methodologies.
- To conduct programs that meet current social needs and concerns affecting families and communities.
- To seek support for programs that benefit our communities and enhance the profession.

National Extension Association of Family and Consumer Sciences Creed

As an Extension educator, my prime concern is people. I believe it is my responsibility to give the best of my ability and develop myself to be an effective educator. I accept the opportunity to empower individuals, families, and communities to meet their needs and goals through a learning partnership. May I always be willing to accept the challenges of the changing times.

KEAFCS
is a state affiliate of
NEAFCS
