2018 ANNUAL REPORT

Respectfully submitted by Nora Rhoades

PRESIDENT – Ethel Schneweis

Wow! My time as your president has seemed to fly by. When I think about the past 12 months it feels like I just blinked and it is now October again. Our schedules are so busy with our normal work (*if any extension agent has a normal work week* 😊) but I was pleased to include serving as your President this past year into my schedule. I could not have accomplished anything without the support and assistance of the KEAFCS Officers and committee chairs. I salute each of you for your extra time put into our organization!

I believe Susan and I were effective in providing input for consideration when President Myers was working on budget issues and voiced concerns for our members across the state, along with other extension professional organizations. We helped provide leadership for the newly organized Kansas JCEP and our group will have Nancy Honig (current KS JCEP President Elect) representing us as President this next year. A big thank you to Nancy for being willing to take on that leadership role for our association.

Having an opportunity to attend national conferences of JCEP and PILD was definitely a perk that comes with the job. They both provided new insights of our Extension work across the country and allowed me to work with other extension association leadership members. PILD also provided the opportunity to visit with representatives on Capitol Hill, extension administration and a chance to explore Washington DC with colleagues. I have learned so much this year!

Our association has incredible FCS agents who are passionate about their work, who love Extension and K-State, and truly want to make a difference in their community. There is exceptional work being done by FCS agents all over our State. I want to also encourage you to be active in KEAFCS! There are many opportunities for you to be involved, from serving on a committee to serving as an officer. This is your professional association - you will get out of it as much as you put in.

Finally, thank you for the opportunity to serve as your association president. It has been an honor and a privilege to do so.

PRESIDENT-ELECT – Susan Johnson

I want to take this time to THANK YOU for the opportunity to serve as your President-Elect this year. We have a fabulous KEAFCS Executive Board who has really stepped up to their responsibilities this year! Wow, it's already starting out to be a great ride!

Unfortunately, I didn't start my 2018 term as President-Elect off too well as I had an unexpected surgery at the end of 2017; therefore, I was disappointed that I didn't have the experience of attending the National Joint Council of Extension Professionals (JCEP) Leadership Conference in Orlando, Florida. However, it was music to my ears when I discovered that our Past-President, Donna Krug, had already made plans to attend and would be able to represent our association. Thanks, Donna, for your dedication and service!

I appreciate the KEAFCS Committee, Anne Pitts, Teresa Hatfield, Ethel Schneweis, Debra Andres and Becky Reid, for their leadership in helping to coordinate the United Associations Conference in March. Even though I was still in "recovery mode" during the planning stages, I had the pleasure of attending this educational, learning opportunity that is invaluable in connecting us as a profession. I hope you will plan to attend in March of 2019.

Because of a financial funding crisis at Kansas State University with the potential of differential budget reductions, a letter was written to President Richard Myers on behalf of the KEAFCS to express our concerns on

the funding for K-State Research and Extension and how this could impact the people across the state of Kansas. The letter emphasized Extension as a vital part of the core mission of the university and to reconsider not cutting the Extension budget at the 7.27 percent level of university services, but in line with the academic departments.

Due to the transition of the Kansas Extension Agents Association (KEAA) becoming KS-JCEP, as chair of the KEAFCS Constitution, Bylaws and Policy Committee, I explored updating our documents with the KEAFCS Executive Board. After inquiring with NEAFCS, no changes were recommended to our state's membership for consideration.

SECRETARY – Robin Eubank-Callis

As my three-year term of President-elect, President and Past-President of KEAFCS comes to an end I am thankful for the opportunities to grow professionally that I have had. Linda wrote a book with her favorite news articles and recipes. Diane Burnett selected the Miami County 4-H Foundation to receive the \$50 donation in honor of her service. FRIEND OF FCS AWARD – Erin Petersilie

Nex-Tech is indeed a “Friend of Extension” in northwest Kansas. They recognize KSRE Family and Consumer Sciences (FCS) as a vital resource in our communities. Their interest in providing education related to healthy living choices, financial well-being and positive relationships provides a natural collaboration that has proven to be incredibly successful.

Each month, new 30-minute educational episodes featuring KSRE Agents and Specialists air on the Nex-Tech Local One channel. There are approximately 12,000 subscribers to the Nex-Tech cable service. Additionally, these episodes are shared via Nex-Tech’s YouTube channel that has nearly 2,000 subscribers. The Nex-Tech social media footprint provides a professional and modern strategy for local Extension Agents to share content to media outlets beyond Nex-Tech’s offerings.

VICE PRESIDENT OF PUBLIC AFFAIRS – Erin Tynon

Numerous Kansas Family and Consumer Science Educational Programs led by KEAFCS members were highlighted in 2018 NEAFCS Impact Statement reports. Check out what your fellow agents have done in not only our state, but across the country on the NEAFCS website!

<http://www.neafcs.org/impact-statements>

Kansas joined other NEAFCS affiliates to compile national impact statements. Kansas was represented in 6 of the 9 impact statements: Community Health and Wellness, Financial Management, Food Safety (Our own Karen Blakeslee’s picture is on the front!) Food and Nutrition, Healthy Homes and Environment, and Protecting Our Resources-Family Life. Check them out to see all the good work FCS Agents are doing across the country! I would like to thank the committee that worked on submitting these while I was on maternity leave. Those members included Victoria Selzer, Becky Reid, Donna Krug and Ethel Schneweis.

He started the conference off strong with information from the agriculture field in regards to new research and hot topics. We closed the conference with Chef Ali. She gave away an Instapot and cooked three different items in her Instapot to show us how it works and give us the tips and tricks for when we try on our own! The conference had 138 register; 21 were KEAFCS members. Payouts to participating organizations are based on attendance. This year our association received \$1,050 from the conference.

Some of the breakout session included:

KAFCE LIAISON – Kathy Tharman

As the liaison between our professional association and KAFCE, I have the privilege of interacting between our groups.

The Kansas Association for Family and Community Education (commonly referred to as FCE units) remains active and strong in Kansas. Their current membership is 925 in the state of Kansas. They remain one of the largest memberships in their National Affiliation.

I attended the 2018 October State Conference in Russell KS. I spoke to the KAFCE board and again at the general assemble. They had many questions for me later as I met them in the halls. They are looking for reassurance from agents that FCS education remains strong at the state/county level and they are recognized and included locally by their county & district FCS agents.

They are an amazing group of volunteer educators! They are most all senior citizens, but they have so much energy and determination to keep their association and membership strong. They truly are the “grassroots” of Family and Consumer Sciences! I am amazed how many members are receiving awards of recognition for 50, 55, 65 and 70 years of service!!

We as Extension Agents need to continue to work side by side with these ladies as we both pursue the same goals of FCS education. When we speak of collaboration and finding strength and resources with other partners, I believe we must remember to keep this group of ladies as a team of our most valuable resources!

WEBMASTER – Rebecca Reid

The KEAFCS website is located at http://www.ksre.k-state.edu/agent_association/family-consumer-sciences/index.html and features links to numerous documents and resources. A new feature added in 2018 was the Family and Consumer Sciences Photo Directory.
