

National Extension Association of Family and Consumer Sciences Kansas Affiliate 2021 Annual Report

Respectfully submitted by Susie Latta, NE Area Counselor

PRESIDENT-Teresa Hatfield

Every year at Annual Conference we hear from our President how quickly the year went. Well, it's true time surely does fly. Maybe it's because we are still working through the effects of the COVID pandemic, more than likely it's because things just don't slow down for Extension. If I were to sum up this year in one word it would "hybrid". I was installed as your President over our 2020 annual business meeting on Zoom. Many of our meetings and correspondences have been through Zoom as well. Thankfully we were able to have an in-person meeting in August. I'm feeling positive that we will get to meet in person at Annual Conference in October. I hope you will all be able to join with us at Friendship Night on October 20th at Rockin K's so that we can reconnect with each other. The Southeast area is planning a nice evening for all.

The Public Issues Leadership Development Conference (PILD) was held virtually in April this year. They presented some good information on several topics. One of the sessions that registered with me was on how our elected officials view extension. They reported that most elected officials view extension positively. They see us as a great resource to help them with their mission. How can we therefore as extension professional better get to know our local elected officials? With tight budgets I believe it is important to let them know we are partners in their mission to serve the community. The best way to do that is to build relationships. We can start by asking how they would like to communicate with them. Everyone is different and what works for one may not work for others. Also, how can extension play role in helping to achieve the mission of local governments? By building relationships with our local we may be able to improve the support we need to better accomplish our extension mission.

This year a group of KEAFCS members began exploring ways to better educate our youth on career opportunities that are available with FCS. A small task force met to brainstorm ideas to improve on what we are already doing and to come up with some new creative ideas as well. Although I was not able to meet with you at the August update, from what I heard believe we are on the right track. A group will continue to meet to explore those ideas and more to see how we can accomplish this task.

Dr. Hadley submitted a Tuesday letter article in July 2018 titled "Fair is Fair". Susan Farley addressed the issue in our fall KEAFCS Newsletter. Earlier this year I reached out to Greg Hadley again to see what progress KSRE has made in the last few years. Dr. Hadley shared that the salary gap narrowed somewhat as we moved to into 2021. Across all education levels and years of experience female agent receive 3.5% less than their male counterparts. I believe this is an important piece of information for all agents and boards to be aware. Dr. Hadley commented that, "This is largely due to the fact that our regional directors have done a good job of sharing with our supervisory local unit directors and boards the predicted salaries (more on that later) for agents and emphasizing eliminating any gaps in salary equity. Overall, the boards have been willing to become more competitive and equitable. The work that we do is invaluable to our communities, and as FCS professionals we are all engaging in the health of our communities. What we do in regards to supporting nutrition, physical and mental health, building financial security, and wellness, across all age groups is truly impressive. This effort should be compensated in an appropriate manner.

Lastly, thank you to for your support this past year as your President. I learned a lot and got to expand my knowledge of extension. There are so many terrific things that you all do. I wish that we would have been able to get together a little more in person, as I was hoping to get to know all of you a little better. Jodi Drake will make a great President next year and I wish her all the best.

PRESIDENT ELECT, Jodi Drake

I have enjoyed working alongside our President, Teresa Hatfield this year, she has been a wonderful leader for KEAFCS. We faced many challenges this year, but I see our organization and our members stepping up to these challenges and finding creative ways to overcome them. As the President-Elect I was able to take in the Virtual JCEP Conference in February. This was a very dynamic conference that I very much enjoyed being a part of. I know many of us were looking forward to attending the NEAFCS conference in Grand Rapids Michigan in November, but once again, Covid won, and we will be attending virtually. I will miss seeing you all at States' Night Out, but I did enjoy connecting with many of you at the August Agent Update. Speaking of which, if any of you missed that, look for exciting things to come with 4-H and FCS as we work towards igniting a spark with Family and Consumer Science Judging. Thank you for the opportunity to serve as your President in the coming year, I look forward to the challenge!

Secretary – Andrea Wood/Deb Andres

Andrea Wood accepted a new job the end of July and Deb Andres was appointed Secretary by the executive board in August.

PARLIAMENTARIAN – Donna Krug

All meetings have been conducted using appropriate parliamentary procedure. A slate of officers was announced by the nominating committee at the August 24, 2021, business meeting. An electronic ballot will be sent to eligible members prior to the Annual Meeting.

According to the by-laws when an officer resigns their Extension appointment, the Executive board may appoint a member to finish out their term. Secretary, Andrea Woods, notified me on August 23, 2021, that she was leaving Extension and would need to have someone finish out her term as secretary of KEAFCS. I filled in as secretary at the August 24th business meeting. Following the business meeting, President-elect, Jodi Drake, called a special board meeting and the board appointed Deb Andres to fill the term as KEAFCS Secretary through 2022.

PAST PRESIDENT – Donna Krug

As my commitment to serving as your KEAFCS President and Past-President is coming to an end, I would like to thank all of you for giving me the opportunity to serve a second term as President. It was an unusual year to be President with the first (and hopefully last) virtual business meeting I led last November. The KEAFCS board was so supportive during my two years; it really does make the job of President easier! KEAFCS means so much to me and I am thankful for the many friendships I have made across the state and nation during my term of leadership. Being your voice at PILD and the KSRE JCEP administration team opened my eyes to the many positive things that are happening in our state and beyond. KSRE FCS agents (that's YOU) are some of the most dedicated and hard-working people I know, constantly working to improve the quality of life of Kansans. I would encourage each of you as members of KEAFCS to consider stepping up to a leadership role when asked. You will be glad you said YES!

FRIEND OF FCS AWARD – Ethel Schneweis

2021 Friend of Extension Family and Consumer Sciences:

Wichita Police Department, Sargent Bart Brunscheen, Officer Brent Johnson

The Wichita Police Department (WPD) partners with the Sedgwick County Extension Office to engage with the community via a program called Bonding thru Board Games (BTBG). This activity provides an opportunity for the community to get to know the men and woman who serve them – not as cops, but as people. Since 2010, the WPD has volunteered over 500 hours of their time to help strengthen the habits that BTBG promotes: quality time, appreciation, effective communication, values and convictions, coping skills, and commitment. The officers that participate in the program greet people as they arrive, teach people the rules of the games, and most importantly, participate in air play and social connection.

In addition to participation in the program, Office Paul Cruz advocates for the Family Life programs at the extension center by posted applicable events on the WPD Facebook page. During the COVID19 pandemic, Officer Brent Johnson helped test playing board games virtually. Through the interactions made in the program, Chief Ramsey even invited Family Life and Resource Management Agent, Liz BrunscheenCartagena, to be a part of the Hispanic Advisory Committee.

The WPD and Sedgwick County Extension are working together to promote both of their common visions. The WPD is “building honest and open external relationships through open communication, inclusion and trust,” and the Sedgwick County Extension Center is “delivering education programs that result in improved leadership skills in the areas of communication, group dynamics, conflict resolution, issue analysis, and strategic planning.” When the Sedgwick County Research and Extension office presents the BTBG program, they encourage institutions and individuals alike to reach out to their own local police departments to build the same type of relationships among their communities. These bonds are essential to healthy infrastructure within our society.

Numerous Kansas Family and Consumer Science Educational Programs led by KEAFCS members were highlighted in 2021 NEAFCS Impact Statement reports. Check out what your fellow agents have done in not only our state, but across the country on the NEAFCS website!

Kansas joined other NEAFCS affiliates to compile national impact statements. Kansas was well represented in their programming efforts. 9 different programs from Kansas were mentioned in the 11 impact areas. A few new impact areas, like COVID response, were added this year. The Family Community Education Units in Kansas have been busy working to accomplish their goals of providing information and education to their local communities. Many area and local FCE units have resumed their meetings using social distancing guidelines. The state wide conference in Topeka is set for October 4 & 5. The KAFCE board have been utilizing Zoom for most of their board meetings this year. Even though the pandemic has given them many obstacles to navigate, they remain true to their mission.
