The screenshot displays the SBA EIDL Portal interface. At the top, the SBA logo and "U.S. Small Business Administration" are visible. Below this, a progress bar shows three stages: "APPLICATION" (highlighted in red), "PROCESSING", and "FUNDING".

The main content area is divided into two columns. The left column, titled "Your Quote", shows a status box with "Status: Amount Confirmed" and a large "\$500,000" amount. Below the amount is a red link labeled "Change Amount". The right column, titled "Suggested Next Step", features a prominent blue button labeled "Submit for processing".

Below these sections is a "Steps to Complete" table:

Step	Status	Action
Verify Identity	Completed	View
Electronic Disbursement	Completed	Edit
Sign Closing Documents	Not Started	Start

A yellow highlight is drawn around the "Sign Closing Documents" row in the table.

What If I Don't Receive the Email for the Portal?

As of April 29, 2020

- Reasons for decline
 - Credit history
 - Not an eligible business activity (based on NAICS code)
 - Delinquent child support (more than 60 days)
 - Economic injury is not substantiated (EIDL advance is more than a loan would be)
 - Character reasons (criminal activity)
 - Unverifiable information
 - Applicant withdraws or fails to proceed (not sure on the time limit yet)
- If you are declined, you will receive an email or letter with options to request reconsideration

PPP Loan Amount Documentation

As of April 29, 2020

- Lenders will determine additional documentation needs. Common forms are:
 - W2s or W3s
 - Payroll processor reports
 - Quarterly or annual tax reports
 - Use the above if no IRS Form 941
 - IRS Form 944 for very small businesses
 - IRS Form 943 for agricultural businesses
 - Records from a retirement administrator for a self-insured plan

How should I use the PPP funds?

As of April 29, 2020

- Payroll expenses – you must use at least 75% of these funds for employee compensation
- Qualified business expenses (for self-employed, must qualify for deduction on Schedule C)
 - Mortgage interest (not principal, no pre-payment)
 - Rent
 - Utilities (with service agreement)
 - Interest on any other debt obligations incurred before Feb. 15 (not forgivable for self-employed)
 - Refinancing EIDL loan made before April 3 if used for payroll

When should I use the PPP funds?

As of April 29, 2020

- Immediately for the 8 weeks beginning on the day you receive the funds
 - The 8 weeks cannot be delayed if a business is still closed due to local orders
- Lenders must make one, full disbursement within 10 calendar days of receiving SBA loan number
- If a borrower fails to provide needed documentation to the lender within 20 days of receiving SBA loan number, the loan will be cancelled

What else should I know about PPP funds or forgiveness?

As of April 29, 2020

- You must maintain FTE count equivalent to your average FTE count in 2019 – either the same time frame average or the 2019 average
- You must maintain employee wages during this timeframe (cannot reduce more than 25%)
- For any staff level changes made between February 15 and April 26, 2020, you will need to rehire
- If you cannot maintain FTEs or wages, the amount of forgiveness will be reduced. More guidance to come on forgiveness...

Using both EIDL and PPP

As of April 29, 2020

EIDL

- Financial & operating expenses
- Up to \$2 million
 - 3.75% interest
 - 2.75% interest for non-profits
 - 30 years, 12 months deferred
- Advance forgiven, loan is not
- Advance = \$1,000/employee up to \$10,000

PPP

- Payroll 75% and certain operating expenses
- Up to \$10 million
 - 1% interest
 - 24 months, 6 months deferred
- Forgivable when used properly
- Amount of EIDL advance reduces the amount that can be forgiven

Using both EIDL and PPP

As of April 29, 2020

- It is very important to use your PPP funds for payroll and qualified expenses FIRST and over the period of 8 weeks before using EIDL for similar expenses
- PPP can be used to pay debt interest only, EIDL can be used to pay principal. For both there is no pre-payment allowed

Other Relief Program Implications

As of April 29, 2020

- In PPP you cannot receive forgiveness for qualified sick leave amount or qualified family leave equivalent claimed under section 7002 and 7004 of the Families First Coronavirus Response Act
- IRS employee retention credit – fully refundable tax credit for employers equal to 50% of qualified wages, max credit \$5,000 per employee. Not compatible with PPP

Additional SBA Debt Relief Options

As of April 29, 2020

- For current borrowers with other SBA products (regular 7(a) programs and 504 loan) SBA will make payments to the lender on behalf of the borrower. Payments will include principal, interest and any borrower fees.
- Borrowers may request 6 months deferment of payments on existing SBA loans
- Borrowers that have already requested 6 months deferment will also receive 6 months payments to the lender from SBA at the end of the deferment period
- New 7(a) and 504 loans made through September 27, 2020 will be provided the same debt relief benefits
