First Impressions
Caney, KS
K-State Research and Extension in Partnership with
The Dane G. Hansen Foundation
The process

- Caney asked for First Impressions, Galena consented to be its partner; 1.5-hour drive.
- I trained the volunteers about the visit survey and took photos of Caney on July 25.
- Caney visitors came in one car on August 13.
- Results are presented tonight, September 24.
- Caney uses the results for further discussion and action plans.
Why: First Impressions?

• **Feedback:**
  How does a first-time visitor view my town?
  – Evaluate successes,
  – Set goals and priorities for next steps.

• **If you don’t agree with the observation:**
  – *Be curious,* Why does the visitor see it this way?
  – Is the observation worth considering?
  – What can we do to change it—or the perception?

---

Curiosity: A strong desire to know or learn something.

-Oxford Living Dictionary
We need to change the narrative about rural.

- Rural is changing, not dying.
- Brain Gain (30-49 year olds moving to rural) is a “new trend” that has been happening since the 70’s and no one is noticing or talking about it.
- Only 36% lived there previously.
- People research a number of places before they move to a rural town.
- Rural is in the middle of *everywhere*. You live one place, work another and play another. With transportation and internet, it’s all accessible to you.
46% of Kansans move every year.

In a survey of newcomers to rural areas, the reasons they come are:
- Simpler pace of life
- Safety and Security
- Low housing cost
- “A job,” isn’t in the top 10 reasons.

“In small towns everyone knows each other.” false

Get to know each other, invite them to a newcomers meal.
• If you bring 7 people to a 700 citizen town every year in 10 years you’ll have a 10% increase. It matters! It is a challenge with housing, but it is achievable.

• We are our own worst enemies. We have to monitor our customer service and what we say. It matters.

• Don’t say, “You have to live here twenty years to be an insider.” And don’t act like it either.
Research on Brain Gain

- 75% of rural homeowners are Baby Boomers and older. 30% are over 75.
- Housing will be freed up as the baby boomers retire and move closer to medical services.
- Rural communities need retirement housing (not nursing facilities, but maintenance free) to retain seniors. - Ben Winchester, Senior Research Fellow, University of Minnesota

Ben Winchester was our guest on the March 1, 2019 First Friday Call.
See the recording at: https://www.ksre.k-state.edu/community/business/entrepreneurship/
• 2010 Census Population 2,203 (up 5.3% since 2000*)  
  KS= +6.1%

• 2017 Estimate is 2,026 (down 3.2% since 2000*)  
  KS= +8.0%

• 86.9% high school or GED, 11.5% college educated,  
  – 90.5% HS or equivalency, KS 32.3% college education,

• Poverty rate 15.0% (KS=12.8%)

• Median Age 40.1 years (36.3)

• Median household income is $38,860 ($55,477)

* 2000 Census was 2,092

(Source: www.Factfinder.census.gov)
• **Website**
Web Presence

• FaceBook

A Facebook generated page.
Web Presence

- **FaceBook**
  - The Caney Community (almost 100 pages)
  - An opportunity for co-marketing.
“Five-Minute” Impression

- Caney is a quaint little town with a small-town feel.
- Some dilapidated structures and a few unmown yards, but overall the city looked well-kept.
“Five-Minute” Impression

• High School Complex is nice and modern with construction going on.
• Drove past a beautiful park with veteran’s monument, flags and wooden carvings.
“Five-Minute” Impression

• As we came into town the “welcome to Caney” sign was easily visible but a bit dirty.
• A nice sign noting the wildlife zoo.
“Five-Minute” Impression

- Seemed proud of their school and veterans.
- Loved the business with the metal work and with the old gas signs.
• Some buildings were run down, but mostly in decent shape.

• Saw H&R Block, a Mexican restaurant, doctor’s office, Historical Museum with a schoolhouse across the street.
• Several fun-looking businesses looked inviting. The yard ornament, variety store is one example.
• The young waitress didn’t have much good to say about town.
Downtown Business Area
Downtown Business Area
Downtown Business Area

• There were benches, trash bins, and a blessing box at City Hall. Sidewalks were clean and unobstructed.

• The park and city hall had restrooms.
• Myrtle’s was fun. We were immediately greeted and treated well. She loved Caney.
Other Retail Shopping Areas

- Casey’s, Sonic, Eggberts, burgers. We saw a Dollar General but did not notice a grocery store.
Businesses were scattered throughout the town, but that was not a burden.
Industrial Parks/Commercial

- Found Industrial Park on Google maps on the east side of town on 166, but it was not clearly marked.
- Appears to be more industrial on the southwest edge.
- Appears to be more room.
• A drive-by is not how industry will find you, check with your local Eco Devo director to make sure your site is listed on LocationOne @ Kansas Department of Commerce.

**Observation:**
• “Entrepreneurs who choose to start their small businesses are responsible for 63 percent of net new jobs created in the United States every year.”
• *Global marketing makes your town accessible to purchases all over the world.*
Health Care Services

• No hospital, but several doctors and a dentist in town.
Health Care Services

• A community health clinic.
• Bartlesville and Coffeyville are very close, with medical personnel in both.

Make Health Care apparent:
1. *Show city assets*
2. *Travel time to others.*
Health Care Services

• I saw two nursing homes/assisted living centers: Highway 75 and on High Street.
• There seemed to be a retirement center, but the signage was not apparent.
I saw a number of houses for sale. The challenge is that blighted and unkempt houses in same neighborhood negatively affect property value.
• I didn’t see much housing available. Most were moderate to middle-income homes.
• Neighborhood housing on the west side of town is scarce.
• Does Caney have code enforcement?
Housing
• There wasn’t any rental housing noted.
• There wasn’t any rental housing noted.
### Housing data for Kansas

- **Total Housing Units**: 1,000
- **Total Occupied Houses**: 839 (83.9%) (89.1%)
- **Vacant Houses**: 161 (16.1%) (10.7%)
- **Owner Occupied**: 602 (71.8%) (66.4%)
- **Renter Occupied**: 237 (28.2%) (33.6%)
- **Family Households**: 59.1% (65.4%)
- **Non-family Household**: 40.9% (34.6%)

(Source: www.Factfinder.census.gov)
• Need for clean-up/demolition of older properties
• Caney appears to have a good school system.
• Both the elementary and Junior/Senior High are undergoing improvements.
• There is a preschool, K-8 building in the middle of town, a 9-12 High School on the north side.
• It’s apparent that the City takes pride in their schools and students. Head Start or preschool is privately run.
School Information

• The School has its own website with information on staff, events, news, nutrition, athletics and more.

• Love to see photos of students (of all ages) having fun together - athletics are easy to photograph, but so are academics, art, music and theater.
• **Tell us why you love your schools!**
• **Potential** students are also looking at your site. Help us picture our children being happy here.
• There are daily photos posted, I wish they were visible without a click.
• **Fun to see student-produced items.**
• Was not apparent, but the City Hall Staff and administrator was helpful with information.
Montgomery County Data:

- Number of Children Under Age 6: 2,926
- Children with all parents in the workforce: 69%
- Desired Capacity of Child Care Centers: 702
- Extent that desired capacity meets potential need: 35%
- Creating a Child Care Action Plan

785-823-3343

• Noticed several facilities of different denominations, beautiful properties, well maintained and inviting.
• Veteran’s park was an Eagle Scout project.
• Different organizations sponsored the wooden carvings in the park.
• Lions Club sponsored the trash receptacles downtown.
• Streets are in decent shape. Some dirt streets have grass overtaking the street, but there are very few potholes.

• Streets are clearly marked, even with snow routes.
Public Infrastructure

- Brick streets add to the charm of a small town.
- A few neighborhood roads that needed repairs or updating.
- Lighting was apparent, but we visited during the day.
• Well marked, well maintained and easily accessible from the street.
• Greeted politely when approached. Friendly, helpful staff. Administrator, staff and city clerk were very helpful and answered lots of questions.
• Police Department in City Hall.
• A volunteer Fire Department is housed in a separate building a few blocks away.
• Saw the dispatcher as we entered City Hall.
• The Library is a nice brick building. We did not go in, but it has a nice website.
City Parks

• City parks were well maintained. The only downfall is that the tennis courts need a new net.

• The military monuments were outstanding.
• The recreation center is a big plus.
• The ballparks were well maintained.
• A little confused about which football field was used.
• I hope they still use the older one, even though parking seems to be an issue.
Recreation/Tourism

Well-Known for an attraction or event? Slogan?

• Safari Museum east of town.
• May Fest is listed on the website.
• “Home of the Bullpups”
Natural or manmade features that can draw people?

• The Safari Museum, Caney Valley Historical Society and The Garage Museum all look like good attractions.

• The Old School House.

• Cemetery- for genealogy or history tours.

• Petroleum history for collectors of automotive or gas signs for collectors.

• Loved the business with the metal art and the business with the gas signs.
Visitor’s Center

- Internet search showed a chamber of commerce office, I didn’t notice whether it was open.
- There is a community/event center, but I’m not sure they would be the spot.
Recreation/Tourism

What would bring you back?

• Forasteros Restaurant, Myrtles
• Flea Markets
Most Positive Observations

• Caney seems to be a nice town with a good small-town vibe.

• Schools, cemeteries, and city hall seem to be kept up and maintained. There are a good amount of businesses, churches, and activities for a town of its size and a Rec Center to provide activities for the community.
Most Positive Observations

- Caney has a nice small town feel about it. The people we met were friendly and helpful.

- The appearance of the cemetery, the one room school in downtown. The veteran’s memorial, the enthusiasm and pride of the young lady at Myrtles, and the great food at the Mexican restaurant.
• As with any small town, the lack of a grocery store can be an issue. Caney may benefit from code enforcement to help with blighted properties and high weeds.

• Like most small towns, I didn't see a lot of opportunities for jobs to encourage their young adults to stay in town or a lot to offer the children other than a swimming pool for them to do.
• As in all small towns it’s the dying of downtown, the young lady at one facility was ready to move out of Caney because there was nothing to do.

• The dilapidation of housing: old housing vs new housing.
What will you remember?

• That this community like ours, has to deal with the same small-town problems but all in all, is a good community. I would not hesitate to stop in Caney again.

• Positives: Pretty parks, nice schools. Negatives: Not many job opportunities, quite a few older homes that needed up-keep. Also, not a lot to offer the kids in town to keep them busy.
What will you remember?

- The friendliness of the people and the pride in their town their school and their students. They want to grow their community with a new pool and City-owned grocery store.
Follow Up

Thank our leadership team:

- Danny Scott
- Paula Benson
- Frank LaForge
- Trina Reed

Set Next Steps:
- Which group will lead the discussion?

Grant Writing Workshops

Grants are a vital piece in your community’s funding puzzle…and you can do it.

K-State Research and Extension’s Community Vitality Team offers grant writing workshops for local communities.

Objectives

• Conquer your grant writing fears and start writing.
• Learn new sources of data to document community needs.
• Learn new sources of grant funding.
• Practice developing the Grant Elements: Problem, Outcomes, Activities, Evaluation, and Budget.

Short Term Outcomes

• 93% have increased confidence to write a successful grant.
• 94% learned new sources of data to document community needs.
• 80% learned new sources for finding grants.
• 91% have increased confidence to develop the elements of a successful grant.
K-State Research and Extension

• First Friday e-Calls 9:30-10:30 am (CT)
  – Connecting small businesses and communities with the resources to make them successful.
  – Contact Nancy Daniels nkDaniels@ksu.edu to participate.
