

# Extension Participant Demographic Data Collection Form

K-State Extension programs are open to everyone. To ensure civil rights policy adherence, we are required to report program participant race and gender data to the United States Department of Agriculture (USDA). Only aggregated information (total numbers across all programs) about race and gender are reported to the USDA. Providing the following information is **voluntary** and will be maintained strictly for reporting purposes. These records are kept separately from mailing lists and other participant information.
