To: Potential Epsilon Sigma Phi Members

From: Dr. Gregg Hadley
       Director for Extension

On behalf of the Membership Recruitment and Retention Committee, I would like to invite you to become a member of the Alpha Rho (Kansas) Chapter of Epsilon Sigma Phi, the Extension Professional’s organization.

As a current member of the Alpha Rho Chapter, I believe that every extension professional should be a member of Epsilon Sigma Phi. If you believe yourself to be a professional, you are responsible to seek ways to continue your professional development and growth. As an extension professional, being a part of your professional society should be an automatic; being a part of Epsilon Sigma Phi should be your goal.

Epsilon Sigma Phi is the National Cooperative Extension Professional’s Organization, dedicated to fostering standards of excellence in the Extension system, developing the extension profession and the professional. Membership is open to faculty who work in local, regional or campus offices. Two-hundred twenty-three annual and life members currently belong to the Kansas Alpha Rho Chapter. Alpha Rho chapter projects and activities include:

- Recognition for excellence in programming
- Professional development workshops
- Grants for innovative programming

Dues are $60 for the initial year of membership. There are 2 steps to join by September 21:

1) Please go the national ESP website at:
   https://epsilonisigmaphi.wildapricot.org/New-Member-Application.

2) Scan and return the 2020 Application Form (see next page) and return it to nkDaniels@ksu.edu.

Membership applications will be accepted after September 21, but this aids our planning for annual conference.

New member initiation will be at lunch on Tuesday, October 22, 2019 at 11:45 am, during the Annual Conference Epsilon Sigma Phi business meeting, in the Blumont Room at the Union. Register for this event when you register for Annual Conference. Please note there is a charge for lunch.

More information about Epsilon Sigma Phi, Alpha Rho – Kansas Chapter is available at:
