COVID-19: Shopping Safely at Farmers’ Markets

COVID-19 HAS NOT BEEN SHOWN TO BE SPREAD BY FOOD

However if you are feeling sick or were recently exposed to Covid-19

Please Stay Home!

If your market has a website or social media, see what is available and make a list of what is needed.

- Enter the market at designated points for the safety of customers and venders alike!
- Pay attention to market signs and follow their instruction.
- Stay at least six feet away from other people.
- Avoid touching your face and cell phone while you are shopping.

- Choose items with your eyes (not your hands) and let the venders handle the product you selected.
- Some venders accept debit/credit/SNAP cards, avoid using cash when possible.
- Please be patient while making purchases. With extra safety measures it may take more time than usual.
- Avoid socializing beyond completing the transaction for your product.

Remember to use hand washing or sanitation stations

Wash all produce before consuming!
