BOOKS AND BOOK CHAPTERS

REFEREED JOURNALS
Zhang, T. X. Lin, D. H. Rogers, and F. R. Lamm. 2015. Adaptation of irrigation infrastructure on irrigation demands under future drought in the USA. Earth

Arbat, G., F. R. Lamm, and A. A. Aboukheira. 2010. **Subsurface drip irrigation emitter spacing effects on soil water redistribution, corn yield and water productivity.** Applied Engr. in Agric. 26(3):391-399.

89(3):375-379.

INTERNATIONAL ASABE PAPERS

Design and installation of a drip irrigation system for research purposes. 
Presented at the 1990 international winter meeting of the American Society of 
Agricultural Engineers, Chicago, IL, Dec. 18-21, 1990. Available as paper no. 902530 
from ASAE, St. Joseph, MI. 21 pp.

the 1982 summer meeting of the American Society of Agricultural Engineers. Available 
as ASAE paper no. 82-2017, ASAE, St. Joseph, MI. 20 pp.

MID-CENTRAL REGIONAL ASAE PAPERS
system remediation – A case study. Presented at the Mid-Central ASAE mtg., St. 
12 pp.

pivot sprinkler and SDI economic comparisons. Presented at the Mid-Central ASAE 

dripline length for corn production. Presented at the 1992 mid-central meeting of the 
American Society of Agricultural Engineers. Available as paper no. MC92-100 from 
ASAE, St. Joseph, MI. 12 pp.

Bascom, N. D., F. R. Lamm, and H. L. Manges. 1991. Designing for maximum length 
drip tape laterals. Presented at the 1991 mid-central ASAE meeting, St. Joseph, MO, 

Pacey, D. A. and F. R. Lamm. 1988. Tract_wt, repair, and irrccost1, spreadsheet 
templates for machinery and irrigation. Presented at the mid-central regional 
meeting of the American Society of Agricultural Engineers. Available as paper no. 

Lamm, F. R., D. A. Pacey, and H. L. Manges. 1987. Spreadsheet templates for the 
calculation of penman reference evapotranspiration. Presented at the 1987 mid-
central regional meeting of the American Society of Agricultural Engineers. Available as 

regimes. Presented at the 1985 mid-central regional meeting of the American Society 
of Agricultural Engineers. Available as ASAE paper no. MCR 85-131, ASAE, St. 

Presented at the 1984 mid-central regional meeting of the American Society of 
Agricultural Engineers. Available as ASAE paper no. MCR 84-153, ASAE, St. Joseph, 
MI. 16 pp.

the 1984 mid-central regional meeting of the American Society of Agricultural 
Engineers. Available as ASAE paper no. MCR 84-151, ASAE, St. Joseph, MI. 9 pp.

NATIONAL AND INTERNATIONAL CONFERENCE PROCEEDINGS

Lamm, F. R. 2002. **Advantages and disadvantages of subsurface drip irrigation.** In Proc. International Meeting on Advances in Drip/Micro Irrigation, Puerto de La Cruz,

Lamm, F. R. 1997. Subsurface drip irrigation for corn and KSU’s bed management system for SDI. Presentation to the semi-annual meeting of the Groundwater

conference on dryland agriculture, Amarillo, TX, Aug. 1988.

Central Plains Irrigation Conference Proceedings

**KWRRI REPORTS**

Lamm, F. R. 1995. **Narrow corn row spacing for cost effective, water efficient subsurface drip irrigation.** Kansas Water Resources Research Institute, Manhattan, KS. KWRRI Contribution No. 316. 20 pp.

Lamm, F. R. 1994. **Center pivot sprinkler package comparison under various system capacities -- (Year 2).** Kansas Water Resources Research Institute, Manhattan, KS. KWRRI Contribution No. 309. 26 pp.

Lamm, F. R. 1993. **Center pivot sprinkler package comparison under various system capacities.** Kansas Water Resources Research Institute, Manhattan, KS. KWRRI Contribution No. 302. 23 pp.

**EXPERIMENT STATION PUBLICATIONS**

**Reports of Progress**
Single Topic
Williams, J. R., R. V. Llewelyn, M. S. Reed, F. R. Lamm, and D. R. Delano. 1996. 
Economic analysis of alternative irrigation systems for continuous corn and grain 
sorghum in western Kansas. Report of Progress 766, July 1996. KAES, Manhattan, 
KS. 46 pp.

542, July 1988. Kansas Agricultural Experiment Station. KAES Contribution No. 88-419-
S. 185 pp.

492. March 1986. Kansas Agricultural Experiment Station. KAES Contribution No. 86-
302-S. 183 pp.

March 1985. Kansas Agricultural Experiment Station. KAES Contribution No. 85-281-S. 
11 pp.

Nilson, E. B., P. W. Stahlman, C. A. Thompson, R. E. Gwin, C. A. Norwood, F. R. Lamm, 
and M. E. Mikesell. 1985. Wheat-grain sorghum-fallow using reduced tillage with 
Station. KAES Contribution No. 85-506-S. 17 pp.

Annual Series
Progress 741. June 1996. Kansas Agricultural Experiment Station. KAES Contribution 
No. 96-476-S. 72 pp.

Progress 741. Nov. 1995. Kansas Agricultural Experiment Station. KAES Contribution 
No. 94-2-S. 66 pp.

Contribution No. 94-2-S. 56 pp.

Contribution No. 92-584-S. 89 pp.

Contribution No. 91-564-S. 87 pp.

Contribution No. 90-520-S. 78 pp.

Contribution No. 89-531-S. 82 pp.

KAES Contribution No. 88-474-S. 95 pp.

Keeping Up With Research

COOPERATIVE EXTENSION PUBLICATIONS

Pacey, D. A., F. R. Lamm, and M. C. Schrock. 1987. **Developing a spreadsheet**
template for calculating tractor ballasted weight. KSU Coop. Extension Ag Facts, AF-160. 4 pp.

MAGAZINE ARTICLES

Stalcup, L. 2013. Switch to Drip Irrigation -Subsurface drip irrigation systems reduce net irrigation needs by nearly 25% while maintaining yields. Corn and Soybean Digest, February 1, 2013. 3 pp.

Lamm, F. R. 2002. **Stop the abuse of application efficiency.** Resource 9(9):11-12. ASAE.

Peterson, C., Jr. 1998. **Subsurface drip irrigation saves water.** Feature article about SW Kansas farmers using SDI with side box entitled The good and the bad of subsurface drip irrigation, covering comments by F. Lamm. Successful Farming, March 1998.

Hallowell, L. 1992. **Drip irrigation in corn? A KSU study indicates it may be feasible.** Feature article with two color photos in NC+ Down to Earth Ideas. 26(2):6-7.

**Relay cropping beats the freeze.** 1985. Farm Journal, (February) 1 pg. with color photo.

**Copies of any publication available on request.**
