

Position Announcement

Scott County is a progressive county in southwest Kansas with a culturally diverse population of 4,900. The county is a diverse agricultural community that raises wheat, corn, milo, and has cow/calf, dairy and feedyard operations. Scott County provides 6% of the state agriculture sales and is 2nd in the state in cattle production. Scott City is located at the junction of Highways 83 and Highway 96. There is one school district in the county serving several unincorporated communities. Scott County 4-H benefits from the generous support of the William Carpenter 4-H Foundation to help provide leadership to the Scott County 4-H program. Scott County will join Finney County to form the West Plains District, effective July 01, 2020. This position will provide agricultural programming for the two-county district.

TITLE: Extension Agent

PRIMARY AREA OF RESPONSIBILITY: Agriculture and Natural Resources

LOCATION: Scott City, Kansas

APPLICATION DATE: Applications will be accepted through April 13, 2020. Interviews will be conducted on May 12, 2020.

RESPONSIBILITIES:

Extension agents are professional educators who serve as a link between Kansas State University and communities across Kansas. Agents are administratively responsible to the Director of K-State Research and Extension (represented by a designated administrator) and the local extension board.

1. Provide primary leadership for the development and implementation of research-based educational programming related to agriculture and natural resources. Programming will include but is not limited to: agronomic and livestock production, agricultural economics, management and public policy, horticultural production and management, natural resources conservation, and environmental stewardship.
2. Share leadership for the development, implementation, and evaluation of the 4-H youth development program for school-aged youth in cooperation with volunteers and extension colleagues. Programming will include but is not limited to: supporting community clubs, out-of-school programs, school enrichment, volunteer management, and outreach to create new program opportunities with existing and new community partners.
3. Share responsibility for community vitality programming that helps our communities become better places to live, work, and play. Programming will strengthen social, civic, economic, and technological capacity of communities through leadership development and civic engagement.
4. Programming will include these steps:
 - a) Identify local needs and emerging issues related to K-State Research and Extension's five Grand Challenges (water, community vitality, health, developing tomorrow's leaders and global food systems) by engaging with program development committees and other community organizations and professionals.
 - b) Design appropriate educational strategies to engage clientele. These strategies might include delivering educational programming in a community-based setting, coordinating events and activities that provide experiential learning opportunities, using innovative technologies, providing individual educational consultations and facilitating groups seeking similar educational outcomes. Some overnight travel and evening and weekend work will be required.
 - c) Develop and implement strategies to expand the reach of educational programming to under-served audiences and to make certain K-State Research and Extension is an equal opportunity provider of educational programming.
 - d) Collect and communicate evidence of educational program impact.
 - e) Develop specialized knowledge and skills by engaging as a member of a Program Focus Team.
5. Secure external funding such as grants, gifts and cost recovery to supplement local tax revenue to support and expand educational programming.
6. Serve as a member of the Scott County and subsequently West Plains District Extension team cooperating in the planning and delivery of county-wide programming and related events.
